SUBWOOFERS

THW835
THW1260

OEM3067
OEM3054

All subwoofers incorporate these upgraded features:

- Magnet plates bumped for maximum voice coil excursion.
- High temperature Kapton voice coils and adhesives.
- Vented magnet structures for increased cooling and greater power handling.

- Long throw 4 layer voice coils
- Heavy duty spiders to control cone movement and linearity.

Advantages:

- Available through the David Levy Co. to DLC customers only.
- Quantity or special pricing available.
- Not sold through any other distributor or dealer network.
